Professional Summary

Final-year Computer Science Engineering student at GITAM University, graduating in 2027, seeking an entry-level Software Engineer opportunity with strong foundations in **Python, SQL, FastAPI, REST APIs, and back-end development**. Built a Python-based finance analytics application with RESTful APIs, JWT authentication, database integration, CRUD operations, Pytest testing, and Pandas-based data analysis. Strong foundation in **Data Structures and Algorithms, Object-Oriented Programming, DBMS, and problem-solving**, with practical software development experience through academic projects and internship.

Technical Skills

Programming Languages: Python, Java, SQL, JavaScript, C

Backend and APIs: FastAPI, REST APIs, Java Servlets, JSP

Databases: MySQL, SQLite

Data and Testing: Pandas, Streamlit, Pytest

Web Technologies: HTML, CSS, React.js, Node.js

Developer Tools: Git, GitHub, VS Code, Apache Tomcat

Core Concepts: Data Structures and Algorithms, Object-Oriented Programming, DBMS, CRUD, Analytical Thinking, Problem-Solving

Projects

Finance Analytics System

Python, FastAPI, SQLite, Pandas, Streamlit, Pytest

- Developed a **Python-based finance analytics application** for managing income, expenses, savings, and financial transactions.
- Built **RESTful APIs using FastAPI** with JWT authentication and integrated SQLite for persistent financial data management.
- Used **Pandas** for financial data processing and analysis and developed interactive dashboards using Streamlit.
- Implemented CRUD operations and **automated API testing with Pytest** to validate functionality and improve application reliability.

Complaint Portal System

Java, JSP, Servlets, MySQL, Apache Tomcat

- Developed a web application for **registering, tracking, and managing user complaints**.
- Implemented secure login, complaint submission, status tracking, and administrator functionality using Java Servlets and JSP.
- Integrated **MySQL** for persistent storage and CRUD operations following an MVC-based application architecture.
- Deployed the application on **Apache Tomcat** for end-to-end testing and execution.

Experience

Full Stack Development Intern — InlighnX Global Pvt. Ltd.

June 2025 – July 2025

- Developed a responsive **Personal Expense Tracker** using HTML, CSS, and JavaScript for income and expense management.
- Implemented transaction management, **real-time balance calculations, input validation, and application logic**.
- Integrated **Local Storage** for persistent user data and designed a structured interface for efficient expense tracking.

Education

B.Tech in Computer Science Engineering

GITAM University

Aug 2023 – Aug 2027

Visakhapatnam, Andhra Pradesh

Certifications

- Networking Basics — Cisco Networking Academy, April 2025
- Full Stack Development Internship Certification and Experience Letter — InlighnX Global Pvt. Ltd., June 2025
- Summer Training Certificate — Anindita Steels Limited, June 2026
